

CENTERS FOR MEDICARE & MEDICAID SERVICES (CMS)

Local Coverage Determination (LCD) L33587: Spinal Injections for Pain Interventions

Paragraph 4.2(b) - Clinical Documentation Criteria:

Facet joint and interventional spinal injections (CPT 64490, 64493) require prior authorization and documented failed conservative therapy with qualifying diagnosis (M54.5, M47.816). Non-qualifying claims deny with CARC CO-16.
